

Albin Kuriachan

Python Full Stack Developer

Python Full Stack Developer looking forward to working on inspiring and challenging projects using my abilities and knowledge, which also helps the organization achieve its objectives. With a strong foundation in front-end and back-end development, along with expertise in various technologies and methodologies, I am dedicated to driving innovation, enhancing efficiency, and delivering high-quality solutions that contribute to the growth and success of the organization.

Experience

March 2023- September 2023

Luminar Technolab , Kochi

Python Full Stack Developer -Trainee

As a Python Full Stack Trainee at Luminar Technolab ,Kochi , I had the opportunity to gain valuable hands-on experience in developing web applications from end to end. This internship provided me with a dynamic learning environment to expand my skills in both front-end and back-end development while contributing to real-world projects.

Front-End Development: Collaborated with the front-end development team to create visually appealing and user-friendly interfaces using HTML, CSS, and JavaScript. Implemented responsive design principles to ensure seamless user experiences across various devices.

Back-End Development: Worked closely with senior developers to design, develop, and maintain server-side components using Python and relevant frameworks Django.

Database Management: Assisted in database design and management using technologies like MySQL queries for efficient data retrieval and modification.

Projects:

1) My Ticket - Movie Ticket Booking Website:

Description - My ticket is a Django-based web application to display the movie details and book movie ticket according the user preference.

Technology Used - Django, Python, Django Modules, SQLite, HTML, CSS ,JavaScript .

2) Big Mart - E Commerce Website:

Description - Big mart is a feature-rich e-commerce website specializing in the sale of fresh vegetables, Fruits providing customers with a convenient platform to purchase and order.

Technology Used - Django, Python, Django Modules, SQLite, HTML, CSS ,JavaScript

June 2021- July 2022

Teleperformance Global Services Private Limited

Customer Service Associate

As a Customer Service Associate, I provide excellent customer service by answering incoming calls and addressing customer inquiries or concerns. This job role helps me to understand how to maintain professionalism while engaging with customers, identifying their needs, and resolving their issues in a timely and efficient manner.

- **Situational Awareness and Problem Solving:** Demonstrated a keen ability to analyze situations, identify issues, and proactively offer effective solutions, contributing to smoother operations and improved processes within the organization.
- **Customer Satisfaction:** Delivered strong customer service, maintaining high levels of customer satisfaction by actively addressing inquiries, resolving issues, and ensuring a positive experience throughout the customer journey.
- **Cross-Department Collaboration:** Collaborated seamlessly with various departments across the company, including inbound and outbound services, fostering efficient communication and teamwork to achieve shared goals and optimize overall performance.
